TWO MEN ARE HANGED

They Pay Penalties for Murders at Birmingham.

ONE A NOTED ROBBER

While Under Arrest He Attempted to Escape and Killed a Policeman. The Other Was a Negro Who Killed a Fellow Convict.

Birmingham, Ala., June 28.—Frank Miller, the notorious safe robber, was hanged at 10:55 o'clock this morning. The crime for which Miller was hanged was the murder of Policeman J. W. Adams, one night in March of last year. Miller and an alleged pal, Frank Duncan, had been arrested by Officer Adams and Officer G. W. Kieckley. On the way to prison they broke away and shot the officers, fatally wounding them. The men had been arrested on suspicion of having burglarized the office of the Standard Oil company. Both were recaptured. Duncan's case has not yet been disposed of.

One hour after the Miller hanging Alonzo Williams, a negro, was hanged from the same scaffold. Williams, while serving a life sentence for murder in the Pratt mines penitentiary killed a fellow convict, named Bob Callahan, by stabbing him with a coal pick.

Miller met death stoically. After he had mounted the scaffold and viewed the crowd of 300 spectators he asked if any desired to ask him any questions. State Solicitor Hoffin mounted the scaffold steps and urged Miller to tell the truth.

"I am innocent," he replied, "and Duncan is innocent too. If you hang Duncan you will hang an innocent man."

Miller then repeated prayers after Father O'Reilly and just before the drop fell tried to kneel down, but could not do so because his legs were pinioned and his hand cuffed.

Williams died in a religious frenzy, clapping his hands in apparent joy as he dropped to death.

Religious Conflicts in Spain.

Madrid, June 28.—Discussions of religious conflicts led to a tumult in the chamber of deputies the sitting had to be adjourned. Senor Sileva led the attack on the government for not preventing creed conflicts, but his remarks were drowned in a storm of Republican hisses and protests. The minister of the interior, Senor Morel, promised to protect Catholic religious demonstrations so long as they were not of a political character.

Will Watch Banished Chinese.

Pekin, June 28.—Word has been received here of the arrival of Duke Lan and Prince Tuan at Ulumski, Turkistan, in which place of banishment they have been sentenced to reside. A Russian consul is stationed at Ulumski and he will notify the Russian government should the banished Chinese leave that place.

Extension of Mineral Wells Road.

Fort Worth, Tex., June 28.—A letter received from President Fouts, now in New York of the Weatherford, Mineral Wells and Northwestern road states that the 40-mile extension from Mineral Wells to Graham, would be completed by fall. Sixty new freight cars, two engines and new steel will soon arrive.

Boer Prisoners Reach Bermuda.

Hamilton, Bermuda, June 28.—The British transport *Armenian*, having on board the first shipload of Boer prisoners to be quartered on Darrell's and Tucker's islands here, has arrived in these waters. Only the health officers allowed to visit the ship at present. It is rumored there is much sickness on board.

To Arrange Trial.

London, June 28.—At a special meeting of the house of lords a committee was appointed to arrange procedure to bring Earl Russell, recently committed for trial at Old Bailey on the charge of bigamy, to a speedy trial by his peers. The committee includes Lord Salisbury and 12 others.

Want Foreign Forces to Leave.

Shanghai, June 28.—Tao Tai Sheng, at the request of Liu Kung Yi, the Viceroy of Nankin, visited all the consuls and urged that foreign forces leave Peking and that they ought also to evacuate Shanghai. The consuls are referring the matter to their respective governments.

Pugilists Acquitted.

London, June 28.—Jack Roberts, the pugilist, and others charged with manslaughter in causing the death of "Billy" Smith (Murray Livingston) of Philadelphia, as a result of a boxing contest on April 22, were acquitted.

No Official Bearing.

Washington, June 28.—No information has been received at the war department concerning the visit of Gen. Gomez of Cuba. It is not believed he

is coming here on any mission of an official character.

Holland Cabinet Resigns.

The Hague, June 28.—The cabinet has resigned in consequence of the recent elections by which the government supporters lost 15 seats.

Given Another Place.

St. Petersburg, June 28.—M. DeGiers, the Russian minister at Peking, has been appointed minister of Russia at Munich, Bavaria.

SHORTAGE IN WHEAT.

France and Germany Will Have to Import Largely to Supply Demand.

Washington, June 28.—Much interest is manifested here in the reports from Paris stating that the shortage in the wheat crop of France would in all probability necessitate the importation of at least 30,000,000 bushels this year. France gets wheat from the outside, chiefly from the United States and the Argentine republic, but the duties imposed on American wheat and flour have been practically prohibitive for several years.

The figures of the exportation of American wheat to France show that in 1891 the total was 13,843,054 bushels, valued at \$12,590,322. In 1892 the exports rose to 42,139,388 bushels, valued at \$43,778,633. In 1900 they were 1,237,247 bushels. For 11 months of this fiscal year America has exported only 1,006,611 bushels of wheat to France.

French wheat has sold during the past year at from \$3.47 to \$3.66 per 220 pounds net to the farmer. Imported wheat sold for \$4.53, duty added. The fact that foreign wheat can be imported during years of French plenty and sold for more than the domestic crop arises largely from the application of a law remitting the duty on wheat made into flour for export. By imposing a duty on wheat imported for consumption and remitting the duty when it was made into flour and exported, the home market was protected and the export market preserved when the domestic crop was short. In seasons of plenty, however, French millers continue to import wheat and to secure the rebate. It has been proposed to abandon this system and to substitute bounties on exports of French wheat and flour.

Germany is also in danger of a heavy shortage in her wheat supply. Dr. Mason, the United States consul at Berlin, has sent a report to the state department saying that the unfavorable condition of the wheat and rye fields of Germany has grown more and more ominous, "until it is now recognized as inevitable that the cereal harvests of 1901 in Prussia will show the largest and most disastrous deficit that has been recorded in recent years. From the most careful estimates that can now be made the winter wheat crop of Prussia, which was 2,245,515 metric tons in 1900, will this year not exceed 1,192,000 tons, leaving a deficit of 1,053,515 tons, which would cost \$43,732,500 to replace with imported grain." Including the deficit in the rye crop, Mr. Mason says that in Prussia alone there will be a shortage of 1,766,636 tons of bread producing cereals valued at \$67,246,500.

METALS AND MINERALS.

The Output of 1900 Over 1899 Amounted to Over \$147,393,496.

New York, June 28.—The engineering and Mining Journal in its last issue publishes the full estimates of metal and mineral output for the United States in 1900. The table shows that the total value at the place of production of the output was \$1,395,608,583, as compared \$1,218,214,637 in 1899 a gain of \$147,393,496 for the year.

Of this vast sum, which is without precedent in the history of the mineral industry, ores and minerals contributed \$672,090,416 in 1900 and \$587,268,798 in 1899; metals \$524,432,433 in 1900 and \$496,057,920 in 1899; secondary products \$72,720,695 in 1900 and \$34,146,979 in 1899; while the value of metals smelted or refined from foreign material was \$96,364,930 in 1900 and \$70,471,540 in 1899.

The chief item of our great mineral production in quantity, value and economic importance, was coal, the production of which in 1900 was 268,315,431 short tons, an increase of 15,210,144 tons, or six per cent over 1899.

Pig iron was second in order of values as well as in economic importance. The total in 1900 was 13,533,265 long tons or including 255,977 tons of Spiegeleisen and Ferromanganese—a total of 13,789,242 tons, with an approximate value of \$273,110,322. It is these two products—coal and iron—which we produce more abundantly and more cheaply than any other country in the world, that are giving the United States the economic leadership of the world, and will enable the nation to hold that place. In point of value copper comes third on the list, its production last year being 600,832,505 pounds with a value of \$97,755,449. The increase over 1899 was comparatively small.

Gold holds only the fifth place, with a total of \$78,159,674—less than one-fourth of the value of coal, or one-third of that of pig iron. It was nearly as

SEND US YOUR ORDERS!

THE BRYAN GROCERY CO

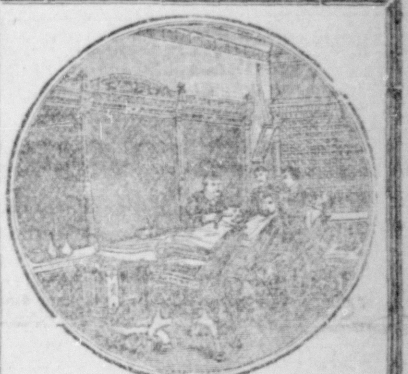

proached in value by petroleum, with a total of \$75,246,583; and was exceeded by the clay products, with a total of \$78,704,768. Few people would suppose that the varied clay products—brick, tile, pipe and the like—exceeded in their total values that of our large output of gold; but such is the fact. The production of silver had a market value of only \$35,576,900. Building stone was rated at \$41,400,500 last year.

Pope's Illness Denied.

Rome, June 28.—The report published in Paris that the pope is seriously ill and that Dr. Laphoni, his attending physician, does not leave the pontiff's side, is entirely unfounded. His holiness is in good health and Thursday received in audience the Austrian ambassador to the vatican and a number of other persons.

Another Official Arrested.

Leipzig, June 28.—Dr. Gentzsch, another director of the Leipziger bank, was arrested at the instance of the public prosecutor.

The Boers are still plugging
away at the same old stand. The
British know it, too.

The visible cotton supply is 95-
968 bales increase compared with
last year, and a million bales less
than the year before.

Beaumont has a daily newspaper
that has twenty-six names on its
editorial and business staff. Talk
about Beaumont gushers!

Marquez, Leon county, will have
its annual fair Oct. 1st, 2d and 3d.
The promoters say it will be the
biggest one in the history of the
town.

The start has been made in street
sprinkling with oil and the benefits
derived on those streets where the
experiment has been tried argue
eloquently for an extension of the
work. Corsicana would be a
hundred per cent more pleasant as
a place of residence, the mosquitoes
would be almost entirely eliminat-
ed, and life would be much more
worth the living, if all the streets
were sprinkled with oil.—Corsi-
cana Sun-Light.

We are in receipt of the eight-
teenth annual catalogue of the
University of Texas. It is a
volume of 369 pages, and contains
much valuable information con-
cerning the State's great enterprise
in higher education. The list of
alumni of the University number
more than 1000 persons, many of
them occupying prominent posi-
tions in every walk of life. One
hundred and sixty-two degrees
were awarded at the recent Com-
mencement, and during the past
year there were more than 1000
regular students enrolled. There
are 100 instructors and officers
employed to administer the affairs
of the institution. The growth of
the State University is a matter of
pride to every citizen who loves
Texas, and who believes in free
education for all the people.

A copy of the catalogue may be
obtained by addressing Registrar
Lomax, Austin, Texas.

In another column will be found
an announcement of the nineteenth
session of the University of Texas.
The growth of the institution has
been almost phenomenal. It now
has the largest attendance of any
University in the South, and its
advancement seems only to have
just begun. Should the present
ratio of increase be kept up for six
years more, the annual matricu-
lates will number over 2000.
Housed in splendid buildings,
equipped with the latest and best
scientific apparatus, with a Library
of 35,000 volumes, and a Faculty
of distinguished and learned men,
our own University offers at home
educational advantages equal to
the best. The parent who sends
his son out of the State for an ed-
ucation is blind to his best inter-
ests. Frequently he goes to an
institution of low grade, where he
is educated out of harmony with
home ideals. He comes back a
stranger to his own people and
entirely without the wide acquaint-
ance acquired by his brothers who
attend a home school. A year at
the University of Texas means an
acquaintance with more than a
thousand individuals from every
section of the State.

A farmer was fined at Mexico,
Mo., for working on Sunday, the
courts thus establishing the doc-
trine that only the farmer's wife
can work on Sunday.

The Arkansas anti-trust suits
have been dismissed by the new
attorney general.

BUFFALO EXPOSITION

The United States Building of the Pan-American Exposition of Buffalo, 1901, is
now on exhibition in

WACNER & BRANDON'S STORE

It is an Architectural Wonder.

Built like a fairy palace from tons of Cuticle soap, the pride of the world toilet soap. As an artistic display, it is a marvelous demonstration, and is well worth coming miles to see. As a merchandise exhibit it is the greatest display of toilet soap ever seen in the south; a sight to behold never to be forgotten. We have been appointed the sole distributing agents for Bryan and all towns within twenty-five miles of Bryan, by the Royal Soap Company of Cincinnati, Ohio, whose soaps have been the standard of excellence for nearly a quarter of a century. It is a wonderfully fine dainty soap, soothing to the skin and beautifying to the complexion, and is sold upon its merits exclusively, more than one million families throughout the length and breadth of the land are today using Royal Cuticle Soap and will use no other, so much for the excellence of the soap. The regular price for Royal Cuticle Soap is 10c a cake, but for a limited time, acting as agents for the manufacturers, who desire to introduce the Royal Cuticle Soap in every home, we have the special privilege of selling three cakes for 10c, 40c per dozen, \$4.80 per gross. This gives us power to save money for all people, it is so cheap; it can be no cheaper; so good that it can be no better; it is in the reach of all. We have the right to limit the number of cakes to any customer. Come before the rush commences.

Where do You Get Off?

It is a wise thing to know when to
get off a train, but prudence would
suggest that you get off when the
train is standing still, as you would
no doubt be worth more to your family
by doing so.

Now let us help you to decide
where to get off. If you are preparing
to take your summer vacation,
why not get off at Galveston, La
Porte, Seabrook or Port Lavaca.
Our trains all stop at Houston and
make close connections with G. H.
& N. and N. Y. T. & M. railways for
points mentioned, and with the San
Antonio and Aransas Pass Railway

for Rockport, Corpus Christi and
Aransas Pass.

All the hotels at these points are
modern in their appointments and
you will find the suri bathing, boat-
ing and fishing, just what you need
in the way of relaxation. Local
Agents of the Houston & Texas
Central Railroad will be glad to
quote you rates, or you should write to

FOR MOTHERS.

The period immediately following child-birth is fraught with
many dangers. The strength has been used in the painful ordeal
through which the mother has passed and she finds herself helpless
and weakened. Many mothers, like Mrs. Ford, date the beginning
of their illness from the birth of their child. Indeed the frequent
spectacle of a healthy young woman becoming a chronic invalid
after motherhood is one of the tragedies of life. All this is unneces-
sary, when Wine of Cardui is obtainable. It rehabilitates the
shattered nervous system, strengthens the organs and ligaments, and
re-establishes a healthy, natural condition, saving years of chronic
sickness and suffering. Wine of Cardui taken just before confinement
will render the ordeal comparatively painless. It will re-enforce and strengthen the organs
for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine
to take. Ask your druggist for Wine of Cardui and take no substitute. If one is
offered send \$1.00 for a bottle to the Chat-
ta-nooga Medicine Company, Chattanooga, Tenn.

WINE OF CARDUI

Clarkson, Ark., July 20, 1899.
After my baby was born I took the whites
and falling of the womb, and was in a very dan-
gerous condition. I read one of your home
treatment books, and commenced to treat myself
with Wine of Cardui and Black-Draught.
I am thankful for what the medicine
did for me, and I am now in better
health than I have been for a long time.
Mrs. MARGARET FORD.

To My Patrons.

I have taken especial pains this year with my melon crop to be able to furnish my patrons with the very best quality. I have a nice lot on sale in the city market building, and wish you to try them. I regret not being able to give my personal attention to my business on account of bad health, and hope to be at your service again soon. Please do not forget me, at the city market, where I have not only melons, but many other good things in my line. 177 McDuff Simpson.

Filling an order for groceries

to the letter and with the very best that is in the store whether the order is sent by messenger or telephone, is always appreciated by a good housekeeper; we have just received a fresh shipment of Crackers and Cakes bottle and barrel Pickles, a new catch Mackerel, fresh cream and whole wheat Flour bread every day, don't forget White Crest Flour is the best on the market.

Two Markets—One in new market building near courthouse and one next door to The Bryan Grocery Company

RICE CROP IS SHORT.

Some Farms in Southeastern Texas Will Produce Nothing.

DROUTH THE CAUSE.

Salt Water Has Done Damage in Some Localities—The Average Will Not Exceed Fifty Per Cent of Last Year's Crop.

Beaumont, Tex., June 28. — Barr Hopes, who has charge of the big Hopes rice farm on Hillbrandt's bayou, reports that the rain Tuesday was general down in that neighborhood, but the amount of water that fell was insignificant compared to what is needed to help the rice crop.

All the farmers in the Hillbrandt and Taylor's bayou country have entirely abandoned the pumps. Mr. Hopes says he has not the slightest hope that they will harvest a sack of rice this fall. The only possible thing that could save any part of the crop would be a regular flood rain.

Last year the storm ruined all but half the crop, and this year they will not harvest at all.

Hal Aldridge has returned from his large rice farm near Sour Lake Station and reported that much of his rice was doing fairly well, but that a portion of it was not doing very well. Mr. Aldridge waters his rice farm wells sunk there by him during last fall and before that. His harvest, however, unless something unforeseen happens, will be more than 75 per cent of a crop.

A report comes from Chambers county rice farmers that salt water has run into Turtle bayou. To this is added that Port Arthur farmers are experiencing trouble with salt water on account of the low water in the river and they are very uncertain what the result will be. The only rice which seems to be doing well is in the northern part of the country where source of water supply is from Price island bayou. Of course the extended dry weather has some effect on this rice, but so far there have been no reports of a lack of water.

Taken all around, the rice men claim that there will not be an average of 50 per cent of this crop harvested in Texas this year. It is, of course, an exceptional year and may not happen again in many seasons.

Denied a Hearing.

Austin, June 28.—John Pearl will hang in Coleman county for the murder of an old German farmer. This was the effect of the court of criminal appeals in refusing Pearl another hearing. The prosperous old German disappeared from his farm and Pearl set himself up as the owner, giving it out that he had purchased the property from the old man, who had returned to Germany. His neighbors became suspicious, with the result that a lake near his house was dragged and the body of the old farmer found, showing that he had been murdered. Pearl was arrested, tried and convicted.

Deed of a Madman.

McKinney, Tex., June 28.—Rev. John Long, colored, while walking along a principal street of this city Thursday with his wife deliberately cut her throat from ear to ear with a pocketknife. Her head was nearly severed from her body and death was instantaneous. He then tenderly laid her down on the grass, foisted her arms across her bosom and proceeded down the street, where he was captured after a vicious fight and hurried to jail. Long had been to the asylum, from which he was released several months ago. The mother of the slain woman was an eyewitness to her daughter's tragic death.

Found Sheriff Morris' Gun.

Gonzales, Tex., June 28.—Sheriff Morris' pistol has been found and fully identified. John Barnett, J. W. Homes, Henry Haserodt and Deputy Sheriff Choate went to a Mexican's house near Oak Forest. The Mexican woman refused to give any information or to assist the officers in the search for the pistol, but it was found in a hollow tree some distance from the house.

Quarreled Over a Donkey.

Fort Davis, Tex., June 26.—Two Mexican boys, aged respectively 8 and 12 years, got into a quarrel over a donkey

and the younger struck the elder with a long knife, causing death in a short time. The culprit was severely whipped by his father, but on account of his age the authorities can take no action in the case.

A Life Sentence.

Clarksville, Tex., June 28.—The trial of Henry Williams, a negro, charged with the murder of Bunk Carr, another negro, closed by the jury giving Williams a life sentence. Three other negroes were indicted with Williams for the crime, and one turned state's evidence and Williams is the first tried.

Crushed Under a Hay Press.

Corsicana, Tex., June 28.—W. H. Greer, the farmer who was hurt by a hay press at his home near Eureka, died of the injuries sustained. Mr. Greer fell from the machine as it was crossing a deep gully and was crushed beneath the wheels.

Prohibitionists Carry Parker.

Weatherford, Tex., June 28.—The official count by the commissioners' court of the votes cast in the local option election held in this county June 15, shows that the pros carried the county by a majority of 18 votes instead of 23, as was reported.

GOMEZ ARRIVES.

He Reaches Tampa En Route to the Empire State Metropolis.

Tampa, Fla., June 28.—General Maximo Gomez arrived here Thursday evening from Havana and left immediately for New York. General Gomez was very reticent concerning Cuban matters with which he is supposed to have much to do. He said he was especially delighted to once more set foot upon American soil, as he felt that he was among friends. He said his people were busy in rebuilding their wasted and devastated island and only desired peace, for then prosperity and happiness would follow. This they recognized.

He positively declared that there was nothing significant in his trip to the United States at this time. He was simply on private business he said, and gratifying more than anything else, a desire to see many friends once more and renew ties of friendship which he made in the states many years ago. His coming was known to but few and only about a dozen people met him at the train. While he was eating supper his presence became known and large crowd was at the depot when he started north.

Ten Millionaires Aboard.

New York, June 28.—According to a dispatch from London to The World when the steamship Deutschland left Southampton for New York today all state rooms on the promenade decks were exclusively reserved for 10 millionaires traveling on her. These millionaires are: J. Pierpont Morgan, Clinton Dawkins, Clement A. Griscom, Bernard A. Baker, W. L. Elkins, P. A. B. Widener, Harry Payne Whitney, Pierre Lorillard, Timothy L. Woodruff and John T. Waterbury. It is stated that these 10 formed a syndicate and chartered the entire deck for \$224,000. The London Daily Express states on what it claims to be the best authority that Morgan will confide very momentous designs on international trade to the consideration of his fellow travelers.

Chartered a Special Train.

London, June 28.—J. Pierpont Morgan, W. L. Elkins, P. A. B. Wider, C. A. Griscom and other wealthy Americans who sailed for the United States today, chartered a special train to take them from the city of London to Southampton, where they boarded the Hamburg-American steamer Deutschland.

Many Rode on the Roof.

Paris, Tex., June 28.—A negro excursion train consisting of seven coaches and two box cars pulled out over the Texas Midland to Ennis Thursday. All of the coaches were filled and many climbed on top, while nearly 300 who were unable to secure passage were left standing on the platform when the train departed.

Pleading Guilty to Robbery.

Waxahachie, Tex., June 28.—Hamp Prather, the negro who was arrested charged with committing highway robbery at Ennis some time ago, pleaded guilty and was given a term of 18 years in the penitentiary by the jury. Prather held up his victim late at night, while going home from business.

Biten by a Rabid Dog.

Corsicana, Tex., June 28.—Will Finney of Malakoff came to this city with

his son, Charlie, in search of a madstone. The boy was bitten by a supposed mad dog while attending a picnic at Malakoff his left hand being badly lacerated. The madstone was found and adhered to the wound for several hours.

Lamar's Scholastic Population.

Paris, Tex., June 28.—J. R. Roach, county school superintendent, has just completed the census rolls, which show the scholastic population outside of Paris and West Paris to be 9080. The total scholastic population, including town and county, is 12,019.

Conshed by His Horse.

Beeville, Tex., June 28.—Robert Dorsey, a stock farmer living near Blanco, was killed by his horse falling on him. He was running cattle when his horse stumbled and throwing him against the ground breaking his neck.

Rains in Mexico.

City of Mexico, June 28.—General rains have set in nearly all over the country thus insuring the safety of crops. Wheat is about the average and corn will be probably about as last year.

Swallowed Carbolic Acid.

Merit, Tex., June 28.—The 2-year-old son of Oscar Wylie got hold of a bottle of carbolic acid and swallowed some of it dying from the effects.

Child Dies of Smallpox.

Ennis, Tex., June 28.—A small child of Mr. Wesley Mizell of the Elm Branch community, eight miles west of here, died of smallpox.

May Be Mortally Wounded.

Bridgeport, Tex., June 28.—George Bishop, aged 18, was shot and perhaps mortally wounded near here.

NEWS IN BRIEF.

J. Pierpont Morgan has given more than \$1,000,000 to Harvard university. The 10-year-old daughter of Henry Cook, of La Salle, Ill., has been absent from her home since Sunday last, and the parents believe she was accompanied by John Zimmerman, an ex-convict.

Lieutenant Edward Downs, who was killed in the Philippines was a native of Crockett, Tex.

The corner stone of McLennan county's new court house was laid according to masonic rites.

Thirty-five bodies have been recovered in the storm-stricken portions of West Virginia.

Rice and How to Cook it.

THE SOUTHERN PACIFIC—SUNSET ROUTE is out again with a decided innovation. The passenger department is teaching the people of the country how to cook rice. "Two Hundred Receipts for Preparing Rice," is the title of the rice book just issued by Passenger Traffic Manager S. F. B. Morse, and a perusal of the unique volume will, of a surety, make the mouth of the reader water for one or more of the delicious dishes set forth, in which rice is entirely or in part used.

Fifty thousand copies of the books are being distributed at the Buffalo Exposition by the Southern Pacific, and copies will be forwarded on receipt of ten 2-cent stamps, sent to Mr. S. F. B. Morse, passenger traffic manager Southern Pacific, Houston, Texas.

Take Quinoria. All druggists are authorized to refund the money in any case of chills, fever or malaria it fails to cure. Price 50c per package. M. H. James, the leading druggist, Bryan, Texas.

Free diagnosis of diseases of the eye at Hall's drug store from 8 to 10 every Monday and Wednesday evening, by D. S. Hearne, optician. 78

Not dry weather is made endurable by Falstaff bottle beer the best summer beverage. 80

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.
